Haa
Haa
Haa
Haa
Haa
Your ugly body is perfect for hell!!

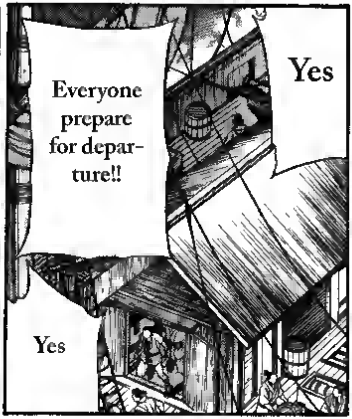
It's been three days and you still haven't captured Sugoroku!!
Why don't you even know where he is!?

This is all becoming pointless!!
Gyaaa
Are you trying to get us exposed!!
Do you want our plans to assassinate Hideyoshi to fizzle away!!
!?
Our actions are inexcusable

This negligence is unforgivable!!
Since we sealed off all the roads.....
Gonkichi's house on Inga beach is completely empty
Break an opening into that rock!!
Ration the food, and get the ammunition ready
Take the ship to Tengu rock!!
There must be something hidden there, it's the only place left!!
Leave this island!!
And find a suitable punishment for that foolish girl!!
!?

Wait
One more thing
Yes
Yes
The Puppet Master will come here in this armor!!
Don't put your armor on!!
He'll come for her.....

Kill him immediately!!
Don't hesitate
So if we find someone wearing the armor.....



Yes
Everyone prepare for departure!!
Yes

I-
I'm.....
You seem like you've had a nightmare
Have you even had a bad dream before, Kyone?

I've never seen a demon mirror before
I don't know who you think I am but I'm the adopted child from the Tsukada house.....
I don't know where any treasure is!!

What a pity
Although this is the begining of your night-mare

You've seem to have perked up
Auh

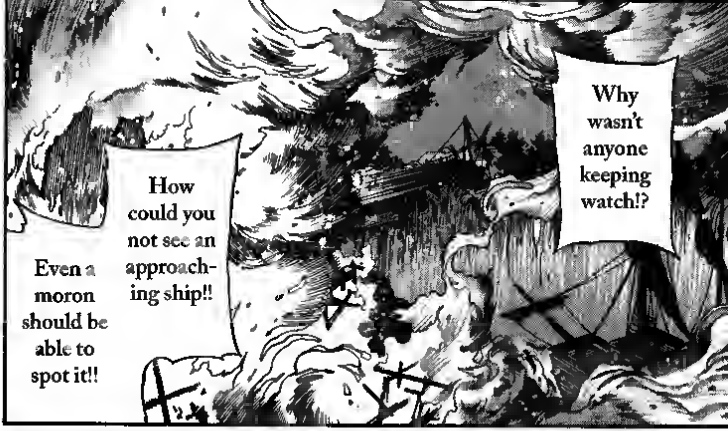
What are you doing!?
Huh

That leather vest is full of gunpowder and oil
But if you do, I'll shoot you from behind
You can also oppose me and run away too
You can either tell us where the treasure is or you can beg for you life

!!!
It's so if someone does come to rescue you, they too will.....
You don't think there is a reason why we aren't burning you now
You don't get?
!!
Kurusu-sama, it's awful!!

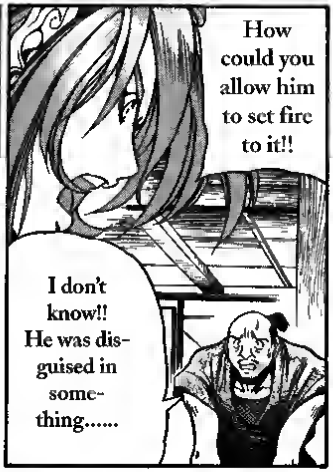
The old castle remains are on fire!!
What !?

You think you can get away with this, Puppet Master!!
Making fools of us



Why wasn't anyone keeping watch!?
How could you not see an approaching ship!!
Even a moron should be able to spot it!!

If it's the armor, we should be able to find him.....
Disguised ?



How could you allow him to set fire to it!!
I don't know!! He was disguised in something.....

Oh .....
But in what form?

Hah-hahha ♡

Ku-Kuroji-shi-sama
What are you guys doing

Hurry and put the gunpow-der on the ship!!
The fire is out!!

Look at this
Fool
I'm sorry!! Before the Puppet Master can set fire to the gunpowder
we're putting it on the ship.....
Nooo ♡ We were caught ♡
Auh~
toholho

I killed the Puppet Master and captured his conspirators!!
I'm going to put them with Kyone, where is she?
Nooo I'm so scared~
Kyaa Kyaaa
Where ?
A little while ago she was at the bottom of the ship with.....
Ahh, that's where .....
Pl-Please hold on!!
You're acting too strange .....
No, what..... I demand subtley in front of the princess.....
N
Nn~~~♡

Don't get too fussy!!
If you're a man, don't worry about such small things

How did you get here.....
Tsu Tsukada -sama!!
Eh!?
Don't fire!! I caught the Puppet Master
It's me
Tsujimura-dono, the Puppet Master, dressed up as Kuroja-shi
Look
And found a weakness in the guards
Po
there's not enough pirates that could stop us!!
If we have Tsu-jimura-dono

!?
Come on, lets escape!!
I gathered a bunch of fishermen and their boats at the beach.....
Fool, you think you can escape!!
Gyaaa
!?

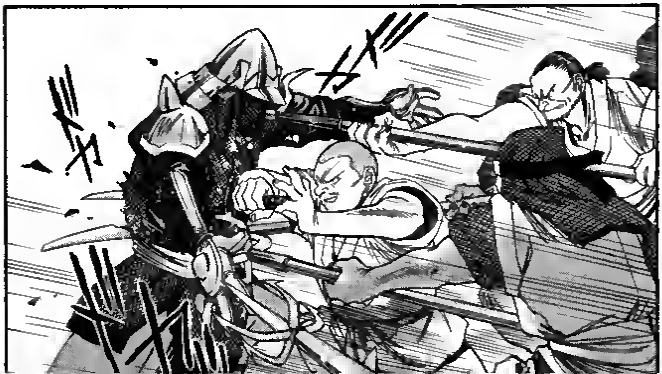
ぬっ

There's no escape for you now!!

!

They're mine, Otsuru

You can't decieve us with that armor!!
Fool!!



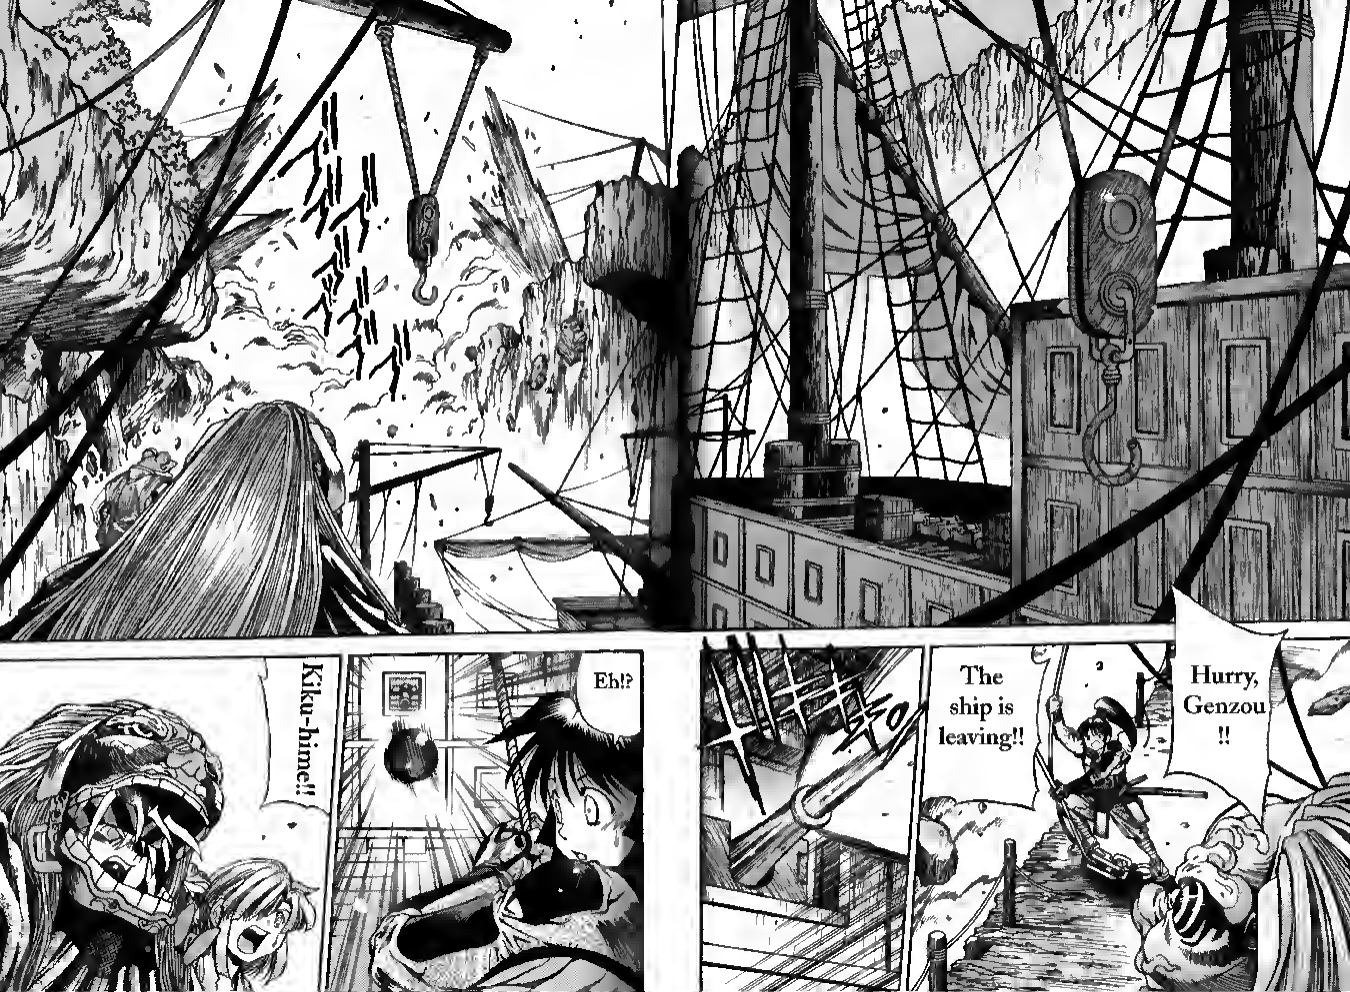
!?

!!

Gyaaaa

Are you okay, Otsuru!!
Auh~
Almost all the pirates on this island are down!!
Hurry up and get out of here, Tsukada-dono!!

Anuuh
Alright, let's finish off that ship
Please save Kyone
I know
!?



Hurry, Genzou !!
The ship is leaving!!

「おぞましき所業」

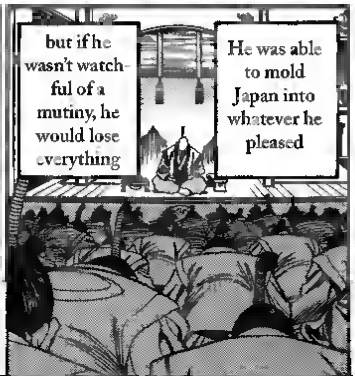
人形鬼話その八「傀儡師、水軍の秘宝を捜すの縁」

Part IX [The Revolting Act]

Toyotomi Hideyoshi thought about uniting
all of Japan
The 18th year of the Tenshou era(1590)

Eventually all of Japan joined him as his subordinates
So in opposition he devoted his attacks to heads of the military commanders

So after the death of Nobunaga, he started land inspections
His new policy had banned any arms and prohibited christianity



but if he wasn't watchful of a mutiny, he would lose everything
He was able to mold Japan into whatever he pleased

He had tamed all of the military commanders of the civil war

But supporting his ambitions was not easy

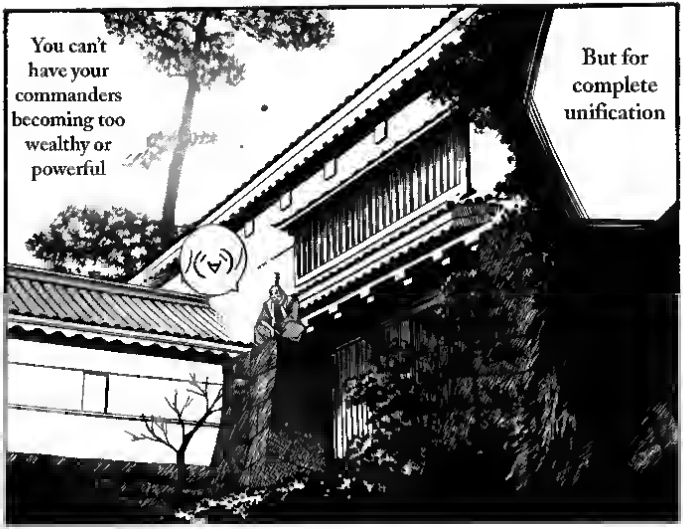
He looted and exploited enemy nations and dependent ones for their wealth

Nowadays, if we don't prosper, other people will continue to be oppressed*

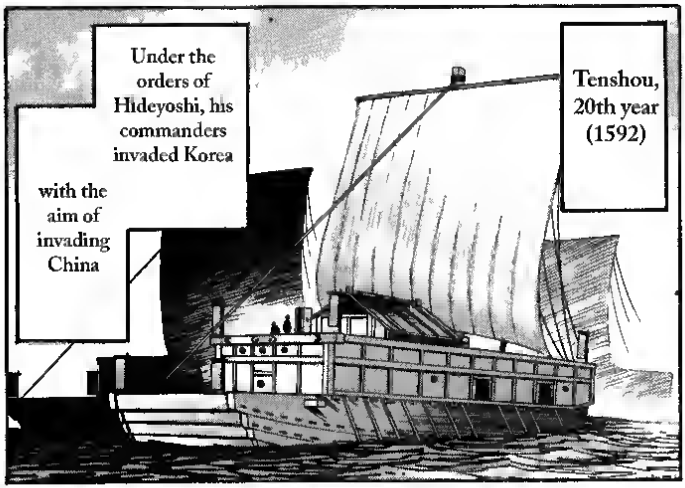
And there's a group of killers

that make a living off killing enemy movements inside these civil war commanders

*Due to economic disparity laborers and resources were robbed from other countries in order to keep munity down Even now there remains a flicker of armed forces in other countries

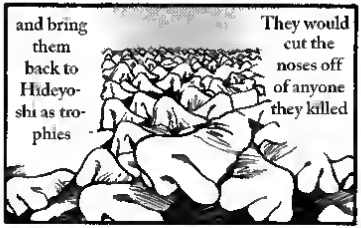


You can't have your commanders becoming too wealthy or powerful
But for complete unification



Under the orders of Hideyoshi, his commanders invaded Korea
with the aim of invading China
Tenshou, 20th year (1592)

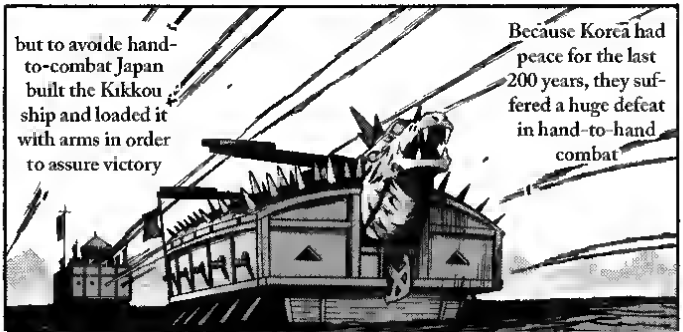
it also gives him a way out for not finding a suitable retainer
Dispatching the troops to another country allowed him to obtain wealth and stop rebellions



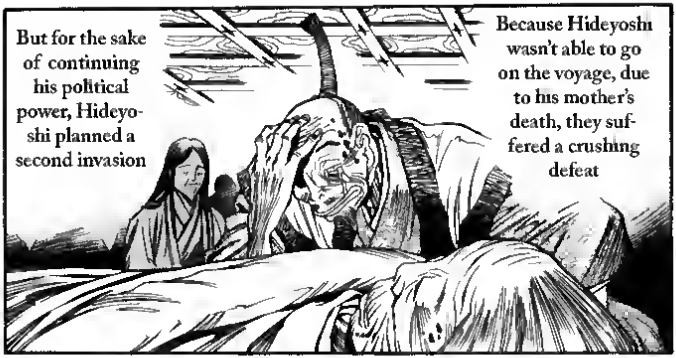
and bring them back to Hideyoshi as trophies
They would cut the noses off of anyone they killed

They commited every possible disgusting act they could

In the end they would be sent to Japan as slave workers
The commanders would hunt down anyone within Korea



but to avoide hand-to-combat Japan built the Kikkou ship and loaded it with arms in order to assure victory
Because Korea had peace for the last 200 years, they suffered a huge defeat in hand-to-hand combat



But for the sake of continuing his political power, Hideyoshi planned a second invasion
Because Hideyoshi wasn't able to go on the voyage, due to his mother's death, they suffered a crushing defeat

In other words
Next spring- around the time when the wind blows from the southeast
Hideyoshi intends to dispatch the troops to Korea again

I will destroy whatever is left of Hideyoshi's navy!!
With this ships cannons
I plan to welcome the Korean and Hideyoshi's navy with my attacks
this time!!
!?
After that we'll join hands with my native country, Portugal
After Hideyoshi's death there won't be anyone left that can match this ship!!

This land will be under the control of Portugal and I will rule over it
Impossi-ble!?
What !?
!?

I have no intrest in this country's affairs!!
That's the only thing I'm intrested in!!
Just hand over Kyone!!

Genzou!!
Mr. Puppet Master!!

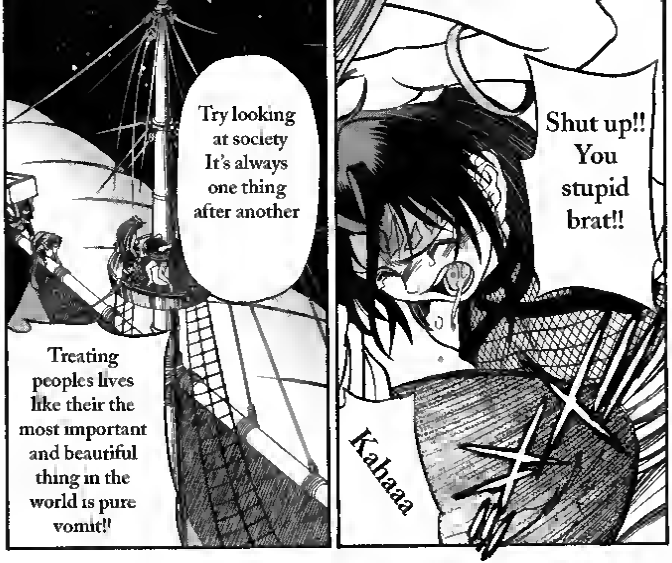
Guu
Auuh

O-
Otsuru!!
So, this is the extent of your abilities
Only a fool would try to strike me down like that

You seem to be infatuated with this girl
Aguu
Did you entrust the treasure to this guy?
I wasn't the one who burned you father to death
You think because you lived life in secret that you deserve mercy?
There's hundreds of people like you out there
And thanks to Hideyoshi
there's more than enough of them out there
TO

You can say whatever you want about my father's death!!
But you and Taikou Hideyoshi are the same!!

Even your stupid little dream!!
You devote everything to steal-ing!!
For the sake of achieving your foolish goals
you're willing to treat people's lives like garbage



Shut up!! You stupid brat!!
Kahaaa
Try looking at society It's always one thing after another
Treating peoples lives like their the most important and beautiful thing in the world is pure vomit!!

Y-you're wrong
A person like you that becomes ruler
forces themselves onto society

Every-one is everyone
And people like you and Hideyoshi are no better than anyone else!!

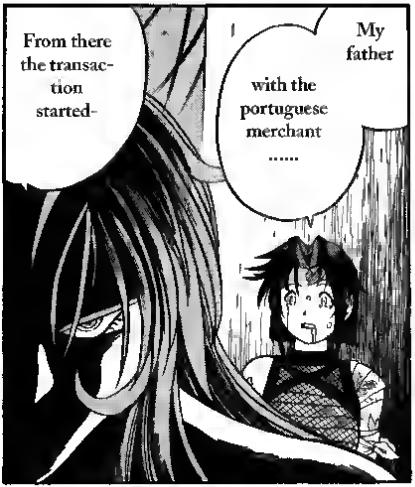
But at least
No one is better than anyone else, huh?
Is that right

your shit-head father was beneath us all!!

My father was a portuguese merchant
He was murdered for the sake of *his* goals
Without a doubt it was your father that did it!!
really .....
It was made to look like an accident
They prepared a woman for him as a welcoming present
They probably were trying to get him on their side

Being in great demand ..... Your father probably befriended the merchant
The portuguese merchant was trading the essential saltpeter needed for making gunpowder

He's confidence started to pile up from there
In opposition to them he took the life of the merchant



From there the transaction started-
My father with the portuguese merchant .....

That's how he obtained the treasure!!

If I'm a lowlife
then you too are the child of a lowlife
Do you get it know!!
!!
Tell me where the treasure is!!
Hideyoshi and I are no differ-ent!!

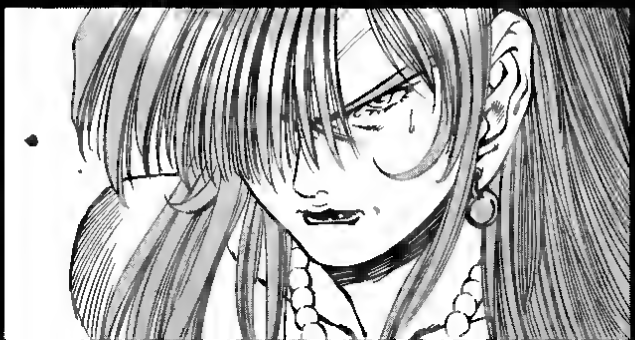
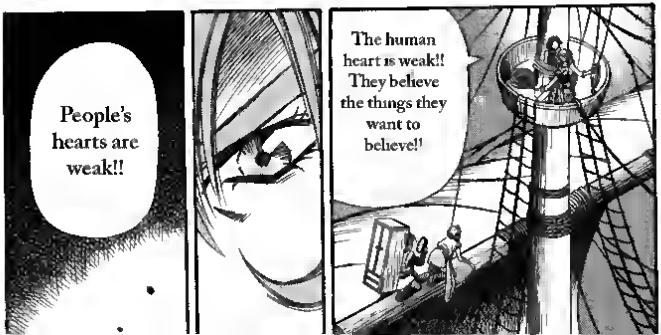
PART X [The Timid Heart]

人形鬼話その八「傀儡師、水軍の秘宝を捜すの縁」

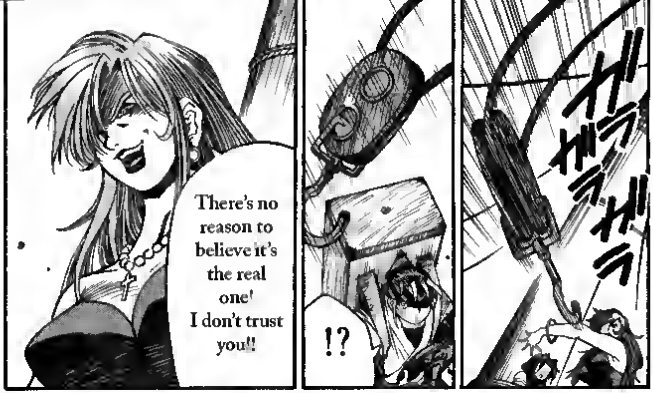


A person
who is deceived should be deceived

You only know how to put out these cheap imitations
but a person's heart desires to seach such things
so a person will beleive it to be true

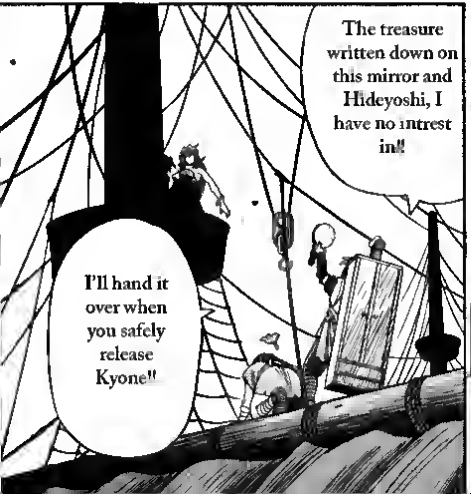


The human heart is weak!! They believe the things they want to believe!!
People's hearts are weak!!



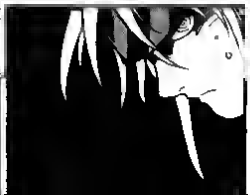
There's no reason to believe it's the real one! I don't trust you!!
!?
ガラガラガラ

Alright!! Since you don't believe me
I'll toss it into the ocean!!

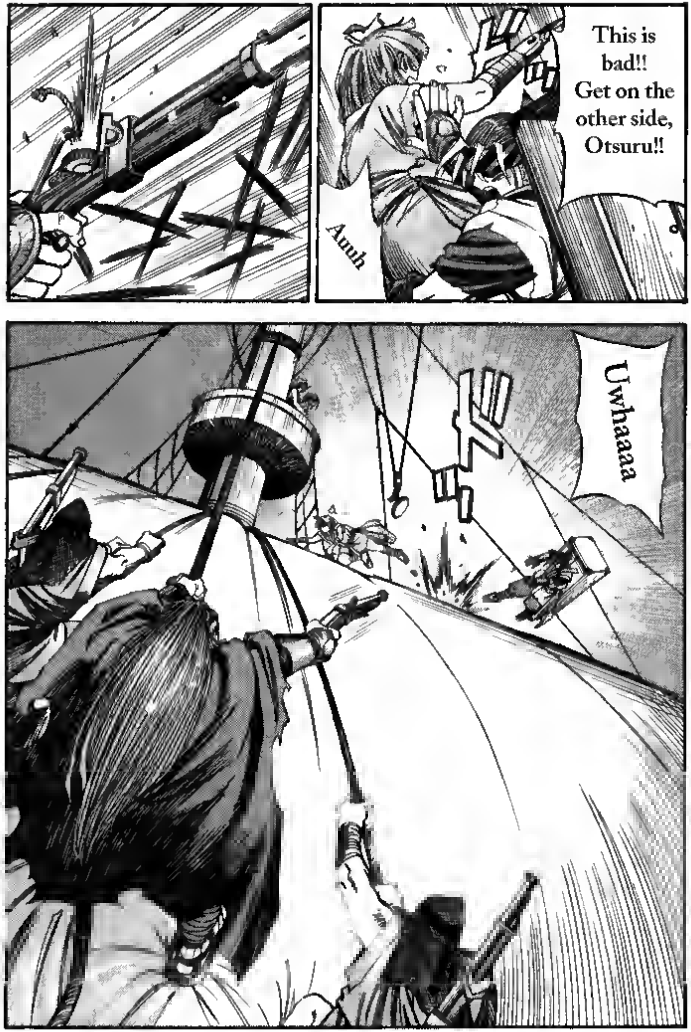


The treasure written down on this mirror and Hideyoshi, I have no intrest in!!
I'll hand it over when you safely release Kyone!!

Stop!! I'll cut Kyone's nose off



After I hand you Kyone peacefully, you will send me the demon mirror on the pulley's hook!!
No!! Don't hand over the treasure to people like this!!
If they buy a large amount of gunpowder.....
Do it!! Kuroji-shi!!
Don't give it to 'em!!



This is bad!! Get on the other side, Otsuru!!
Aauh

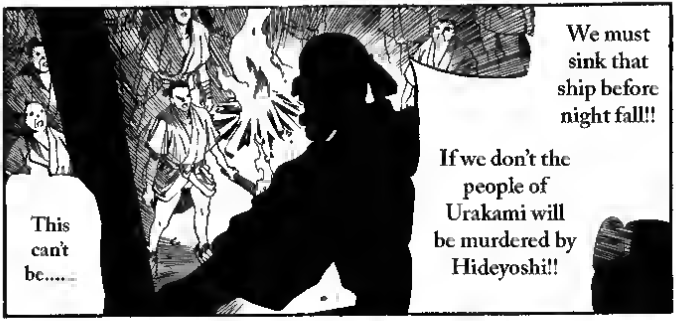
That ship was probably sequestered for the attack on Korea
What's going on!!
What
That ship was built for the assination of Hideyoshi!!
Kurusu-sama is rebelling!!
Everyone assemble!!
Tsukuda-dono!!



We must sink that ship before night fall!!!
If we don't the people of Urakami will be murdered by Hideyoshi!!
This can't be.....

Seize the pirates and find shelter for the women!!
We need to get to Ryuugan island!!

How do you know she's a rebel!?

She murdered Matazaemon and she's the head of the pirates

You wont be bound to anything anymore, you can live as yourself
We'll bury Chiyomaru and capture Kyone
No!!
As yourself
As a woman?

You can no longer assasinate Hideyoshi and destroy this country!!
It's over
